117-AR-0. HOMEBOUND INSTRUCTION

Eligibility for Homebound Instruction

Children of school age who have a verified mental, physical, or other urgent reason that prohibits their attendance at school may qualify for homebound instruction.

Homebound instruction is valid for 60 days with recertification available up to 90 days. PDE must extend recertification after 90 days. The district will routinely provide up to five (5) hours of homebound instruction per week for each individual student.

Students identified as special education students under IDEA must have prior approval from PDE before receiving homebound instruction.

A student attending a non-public school must register with the registrar and be on the active rolls of the public school during the period of homebound instruction.

Requests For Homebound Instruction

The request for homebound instruction may be initiated by:

- Parent/Guardian
- School personnel
- Agency or institution

The request form (No. 117-AR-1) shall be presented to the Principal.

When in receipt of a request, the principal shall submit the request to the Superintendent for approval and implementation.

Before processing the request, the Superintendent will advise the parent/guardian that a written statement by a physician is required. Such a statement shall include the following:

- Diagnosis (nature of handicap or illness)
- Anticipated duration of absence (minimum ten [10] school days for grades K-12)
- Original recommendation of physician; copies are not accepted. (Note: A mental health diagnosis must be accompanied by a psychologist's or psychiatrist's recommendation.)

Homebound instruction must be approved by the Superintendent. The Superintendent will be consulted on questionable cases.

The Superintendent shall take action on the request and shall immediately notify the parent/guardian and the principal of this action.

If the parent/guardian is unable to be present in the home at the time of instruction, the parent/guardian shall designate to the Superintendent in writing a responsible adult to be in the home during periods of homebound instruction.
