ADMINISTRATIVE REGULATION

CENTENNIAL SCHOOL DISTRICT

APPROVED: February 12, 2019

REVISED:

211-AR-0. STUDENT ACCIDENT INSURANCE

Arrangements to make student accident coverage available to parents/guardians are completed by the administration and approved annually by the Board. The District provides this as a service only, and the contract is between the parents/guardians and the insurance company.

Annually, during the first week of school, building principals will distribute information regarding the option to purchase student accident insurance through the School District. In addition, the information will clarify:

1. Coverage provided by District insurance for participants in designated sports and programs.
2. Board requirement that parents/guardians of students participating in an interscholastic sport, cheerleader program, band program and/or designated extracurricular program purchase the student accident insurance offered through the District or provide proof of comparable insurance.

Each student who intends to participate in an interscholastic sport, cheerleader program, band program or designated extracurricular program must submit a completed Proof Of Insurance Form prior to participation. A completed form must be submitted for each activity in which a student participates during the school year.

Students must report all accidents to the school nurse or principal, no matter when they happen: to and from school, in school, on school grounds, at a school activity.
